

Strategies for Tech Interviews

(in English)

Universal Answer Formula

Use this for almost any question:

- 1. Situation → What was happening
- 2. Task → What you needed to do
- 3. Action → What you did
- 4. Result → What happened next

Most Common Questions

- Tell me about yourself
- What's your biggest weakness?
- Can you explain your last project?
- Tell me about a time you a conflict
- Why should we hire you?

Example

Tell me about yourself

Hi, I'm [Name] from [City/Country]. I studied [Degree] at [School]. I've worked as a [Job Title] for [X] years. I specialize in [Skill/Tech]."

Practice Tips:

- **Choose 2-3 questions and write out your answers using these templates.**
- **Say them out loud or record yourself — and refine your rhythm, not your grammar**

💡 Don't try to sound perfect, Sound clear
